

WANTED

Undergraduate Research Interns and Graduate Students

IF YOU

- are a 3rd or 4th year undergraduate, or a graduate student;
- are fluent in C/C++ application development under Linux;
- are happy with Discrete Math, Algorithms, Data Structures, Automata and related topics;
- would like to learn more on theoretical computer science, bioinformatics, search engines, and similar topics;
- are looking for an opportunity to participate in computer science research and make your name appear on papers

THEN, you may consider to join our newly establishing “**Data Management, Engineering & Analysis (DAMGA)**” research group at İTÜ – Informatics Institute.

INTERESTED ?

Why not to have a look to web.itu.edu.tr/kulekci to get an initial idea about the topics we are working on, and send an email to kulekci@itu.edu.tr to get an appointment.

There might either be funding opportunities for a few people. Feel free to contact and do not hesitate to ask questions.

M. Oğuzhan Kulekci,
Assoc. Prof @ İTÜ, Informatics Institute
